Johan Louw and Associates as Service Provider

To whom it may concern

Dear Messer's,

Johan Louw and Associates is our service provider for all training in OHS Act (Act 85 of 1993) with specific reference to GMR 2.(1) and Construction Regulations (2014 version) as well as a consultant to the company.

Johan Louw and Associates is rendering a service to Fibre – Wound SA(PTY)LTD from 01/08/2001 up until today and I can strongly recommend him seeing that the service delivered is very professional and of a high quality.

We hope that will continue to make use of his service for the years to come.

Kind Regards,

Anton van Zyl
Group Safety Risk Manager
